

A photograph of lemons and a lemon slice with a green leaf. The word "SCRUBHERS" is overlaid in large, bold, black letters across the top of the image.

SCRUBHERS

Pink Lady Salt Scrubbers Product Information

This is our one and only salt scrub within the Scrubbers Collection. However, we promise to provide more options for salt scrubs in the future. This amazing Himalayan Pink Salt scrubber has endless body benefits, and we created this one just for the summer.

Are you tired of going to the barbeque and hanging outdoors smelling like bug repellent? Well, you no longer have to worry about those pesky bugs and or the idea of smelling like something that is no longer attractive and or appealing.

This salt scrub is filled with lemongrass, and lemons which repel bugs, and smells so amazing that many will be wondering if you are wearing an amazing fragrant cologne. This is a unisex scrubber for men and women.

All-natural ingredients include:

- **Lemongrass Oil.** Lemongrass oil is an essential oil that benefits skin healing. The high level of iron in lemongrass help red blood cells transport oxygen throughout the body and reduces inflammation and pain relief. The fragrance is relaxing and refreshing which can boost confidence, and help to keep depression at bay, while increasing mental health.
- **Freshly Squeezed Lemon Juice.** Lemon juice helps heal acne and remove blackheads. It also lightens dark spots and blemishes.
- **Coconut Oil.** It is a well-known fact that coconut oil is the most amazing skin moisturizer. It can be used in cleaners, hair products, skin products. It can do a million things! We use coconut oil in our

Scrubbers for moisturizing and exfoliation. Because coconut oil is used in our products, it is gentle on the skin without abrading the skin. When applied, it can act as a physical barrier to dust and other environmental pollutants, while sealing in skin moisture. Its antioxidant action reduces oxidative damage. It keeps skin smooth and supple by promoting collagen formation, and reduces wrinkles.

- **Basil.** Like most herbs, basil contains antioxidants, which helps protect the skin from environmental stressors, reduces the appearance of wrinkles and fine lines. It is also a soothing ingredient that helps soothe and calm skin helping to relieve temporary itching.
- **Himalayan Salt.** There are an amazing number of benefits with Himalayan pink salt. This salt helps to detoxify the body by balancing systemic PH, improves hydration and reduces muscle cramps, and safely exfoliates the skin by making it soft and smooth to the touch.
